## Introduce of Language School

The language school of Sunmoon university was established on the 20th of March 1989, with the purpose of spreading and promoting the Korean language and culture worldwide.

Since its foundation until February 2021, over 27,495 students from 154 countries have attended the Korean language course at Sunmoon Korean Language Institute. Among those, many students that passed through Sunmoon University went on to become students of some of the most prestigious universities or graduate school in Korea. And after completing their graduation, they went back to their countries and became global leaders in many respective fields like Korean companies or started successful businesses, Korean language teachers and translators.

Sunmoon University, known as the most international campus among many universities in Korea, is building global capabilities by studying foreign students from more than 75 countries every year.

Sunmoon Korean Language Institute was selected as a member of the "Korean Language Training Program" by the Korean Ministry of Education, and since 2008 not only has it been entrusted by the Korean government with the task of training national scholarship students[graduate and undergraduate], but it has also been constantly praised by both the national and international community as one of the most respectable language institutes.

In 2019, Sunmoon KLI was selected as China's Kunming Sejong Institute Management University, and in 2021, it was selected as Uzbekistan's Pergana Sejong Institute Management University also. Sunmoon KLI is leading the spread of Korean and Korean culture to countries around the world.

Moreover, in order to help international students adapt and enjoy a successful overseas study experience, the language school provides advanced education, opportunities to directly experience rich Korean culture, as well as a systematic counseling service to help students choose their future course of studies. Furthermore, in order to make the overseas study experience more meaningful, Sunmoon University has been actively encouraging students to take part in the University's volunteering program, as well as in the learning help desk program.

In addition, as a part of the efforts to globalize Korean language, the University has established overseas branches in Japan, China, Vietnam, Thailand, Philippines and Taiwan, constantly dispatching delegations of excellent Korean lecturers, working outstandingly hard for the sake of furthering the spread of the Korean language.
